Subject: FW: HFF Grant Approval

Bill –The below is the last correspondence I have regarding HFF commitment to Crime Commission. This came after our meeting with Teresa and Ray, and documents that they agreed to provide us the “new” amount of \$100k. I assume we received payment for this commitment last year, right? I do recall we told them the same thing we told AutoZone, which is that we wanted the new larger amount \$100k vs the previous \$50k, for three years while we ramped up and diversified our funders, however that may not be documented anywhere (unless it was somewhere in the grant agreement, which I doubt).

So for this year, if you guys only just submitted the grant application for this year on Sept 13, and the stated response period is 6-8 weeks (meaning their response is not yet overdue), are you just thinking Teresa/Pitt may need a nudge to ensure we get the grant?

Hi Bill – It was a pleasure to meet you a few weeks ago and learn more about the Public Safety Institute and changes going on with the Crime Commission. I just want to let you know that the Hyde III Board meeting took place last Thursday, and the Crime Commission's full request of \$100k was approved at that time. I'll be working on the grant agreement this week, so you should expect to receive it end of September/early October or so.

Best of luck with the new Institute and the next iteration of Operation: Safe Community. We're excited to see the impact the Crime Commission will be having on our city in the years to come.

Warm regards,
